Dear Minister Corkum-Greek:

Re: Acknowledgments

The Peggy's Cove Commission's purpose as provided under the Peggy's Cove Commission Act is to preserve the unique scenic beauty, character and atmosphere of the Area for the enjoyment of both residents and visitors for property within the Peggy's Cove Preservation area. This is primarily achieved through administering the Land Use Bylaw for the preservation area.

The Commission would like to thank you for your time in reviewing and approving the new Land Use Bylaw. We appreciate your support through this important initiative and granting your approval. We look forward to continuing our work through the implementation of this planning document.

We would also like to sincerely thank and express our gratitude to Deputy Minister Scott Farmer. His support and encouragement throughout the review process was greatly appreciated.

Thank you for your letter of March 5, 2024, regarding the amendment to the *Peggy's Cove Commission Act*. Since that time, we understand and are pleased to know the administrative changes to the legislation, as described, were introduced and approved. In the event of unforeseen circumstances or vacancies due to terms of office ending, it is of utmost importance the Commission be able to continue functioning.

With terms coming to an end this summer, your suggestion to reoffer and have other members of the community come forward is appreciated. We hope the search and selection process is effective and a full complement of Commissioners is onboard in September for a seamless transition.

Thank you for your continued support of the Commission and its work.

Yours truly,

Nicole Campbell
Chair, The Peggy's Cove Commission

cc: Deputy Minister Scott Farmer, Department of Economic Development
